Vision Insurance:

Patient Medical Information

Do you have problems with these systems? (circle yes or no)
Eyes: Yes / No Skin: Yes / No Muscles/Bones: Yes / No
Ears/Nose/Throat: Yes / No Respiratory: Yes / No Endocrine: Yes / No
Headaches: Yes / No Gastrointestinal: Yes / No Diabetes: Yes / No
Nervous system: Yes / No Urinary: Yes / No Type: 1 / 2
Mental: Yes / No High Blood Pressure: Yes / No Date Diagnosis:
Cardiovascular: Yes / No Blood/Lymph: Yes / No Allergies: Yes / No

Please Explain:
Current Medication(s):
Allergies to Medications? Yes / No Which?: Reactions:
Other Health Problems:
Name of Family Doctor: Date of last visit:
Family Doctor Phone:
Do you have any eye conditions or problems?
Have you had any eye operations? Date
Have you had any eye injuries? Date
Do you have: (Circle Yes / No)

- 1. Do you wear contacts? Y / N Brand: Type: Power/B.C/Dia:
2. Do you wear glasses? Y / N 5. Retinal Detachment: Y / N 8. Alcohol: Y / N Freq:
3. Cataract: Y / N 6. Macular Degeneration: Y / N 9. Tobacco: Y / N Freq:
4. Glaucoma: Y / N 7. How many hrs of screen time? 10. Recreational: Y / N Freq:

Family History: (Circle Yes / No) M=Mother F=Father B=Brother S=Sister N=Son D=Daughter

Diabetes: Yes / No Relation: Type: Glaucoma: Yes / No Relation:
Cancer: Yes / No Relation: Macular Degeneration: Yes / No Relation:
Hypo/Hyperthyroidism: Yes / No Relation: Cataracts: Yes / No Relation:
Retinal Detachment: Yes / No Relation:

Optical Expressions is proud to provide the latest in retinal imaging.

The OPTOMAP IS OBTAINED ANNUALLY FOR ALL EXAMS.

We now provide imaging of the retina on all patients with a new scanning digital system called Optomap. Prior to Optomap the only way to thoroughly examine the retina was dilaton. *The optomap takes a few seconds to perform and is done without dilation. It provides a permanent, digital image of the inner layers of your eye, which your doctor will be able to review with you in the exam room today.* Many eye conditions such as glaucoma, macular degeneration, diabetic retinopathy, and ocular melanoma or other tumors are painless and have no symptoms in their early stages. This invaluable tool will help us more easily detect and monitor many disease processes of the eyes.

EARLY DETECTION OF EYE DISEASE IS CRUCIAL!

The test is sometimes covered by insurance, but if not it will cost \$19.

SIGNATURE ON FILE:

- I authorize the use of this form on all of my insurance submissions.
- I authorize the release of information to all of my insurance carriers.
- I understand that I am responsible for my bill.
- I authorize my doctor to act as my agent in helping me obtain payment from my insurance carriers.
- I authorize payment directly to my doctor.

Smoker Yes-even if you quit/or social/2nd hand		Diabetes	
Glaucoma		Heart Disease	
High Blood Pressure		FAMILY TOTAL:	
Diabetes			
Heart Disease			
Cataract			
PERSONAL TOTAL:			

QUANTIFEYE:

We continuously strive to provide our patients the very best in eye care services. This device allows us to assess your risk of developing an eye disease called Macular Degeneration. This disease is a leading cause of blindness in adults and treatment options are limited; however, it may be managed if caught early. We can now take measures to reduce your risk of developing this disease. The test is a light response test that only takes a few minutes. We strongly recommend that you take this test so we can assess your risk for Macular Degeneration and develop a base-line measurement that allows us to track any changes that might occur in the future. Since this is a new test, it is not covered by your insurance; however the cost to you is a minimal charge of \$20.00

I understand my risk factors for Macular Degeneration and choose to:
