Optical Expressions is proud to provide the latest in retinal imaging.
The OPTOMAP IS OBTAINED ANNUALLY FOR ALL EXAMS

We now provide imaging of the retina on all patients with a new scanning digital system called Optomap. Prior to Optomap the way to thoroughly examine the retina was dilaton. *The optomap only takes a few seconds to perform and is done without dilation. It provides a permanent, digital image of the inner layers of your eye, which your doctor will be able to review with you in the exam room today.*

Many eye conditions such as glaucoma, macular degeneration, diabetic retinopathy, melanoma or other tumors are painless and have no symptoms in their early stages. This invaluable tool will help us

Optical *Expressions*

more easily detect and monitor many disease processes of the eyes.
EARLY DETECTION OF EYE DISEASE IS CRUCIAL!
The test is sometimes covered by insurance, but if not it will cost $19.

MACULAR DEGENERATION RISK FACTORS			
About *YOURSELF*	**Yes**	**About your FAMILY**	**Yes**
Age: 30 & over			
Sensitive to light			
Female			
Excessive exposure to the sun		Macular Degeneration	
Light eyes, light skin		Glaucoma	
Inadequate intake of green, leafy veg		Cataract	
Smoker Yes-if you quit/or social/2nd hand		High Blood Pressure	
Glaucoma		Diabetes	
High Blood Pressure		Heart Disease	
Diabetes			

To our Patients,
We continuously strive to provide our patients the very best in eye care services. This device allows us to assess your risk of developing an eye disease called Macular Degeneration. This disease is a leading cause of blindness in adults and there is no adequate treatment; however, it may be managed if caught early. We can now take measures to reduce your risk of developing this disease.
The test is a light response test that only takes a few minutes. We strongly recommend that you take this test so we can assess your risk for Macular Degeneration and develop a base-line measurement that allows us to track any changes that might occur in the future. Since this is a new test, it is not covered by your insurance; however the cost to you is a minimal charge of $20.00
Optical Expressions,
Thomas Cullinane, OD, Judie Miles, OD,
Dr. George Dowdy, OD,
Julie Emming, OD, Jeffery Weaver, OD

SPEED

For the Standardized Patient Evaluation of Eye Dryness (SPEED) Questionnaire, please answer the following questions by checking the box that best represents your answer. Select only one answer per question.

Report the type of ***SYMPTOMS*** you experience and when they occur:	At Visit		Within last 72 hrs		Within last 3 months	
Symptoms	Yes	No	Yes	No	Yes	No
Dryness, Grittiness or Scratchiness						
Soreness or Irritation						
Burning or Watering						
Eye Fatigue						

Report the ***FREQUENCY*** of your Symptoms using the rating listed below:

0 = Never
1 = Sometimes
2 = Often
3 = Constant
4 = Intolerable

Symptoms	0	1	2	3	4
Dryness, Grittiness or Scratchiness					
Soreness or Irritation					
Burning or Watering					
Eye Fatigue					

Report the ***SEVERITY*** of your symptoms using the rating list below:

0 = No Problems
1 = Tolerable-not perfect, but comfortable
2 = Uncomfortable-Irritating, but doesn't interfere with day
3 = Bothersome-Irritating and interferes with day
4 = Intolerable-unable to perform daily tasks

Symptoms	0	1	2	3	4
Dryness, Grittiness or Scratchiness					
Soreness or Irritation					
Burning or Watering					

Optical *Expressions*
